

Wall-Mounted Liquid Soap Dispenser

This wall-mounted soap dispenser features a durable plastic casing and a viewing window to monitor soap levels. It utilizes a push-button mechanism for dispensing soap from a refillable reservoir, providing a hygienic handwashing solution.

Product Overview

Professional Hygiene Solution

This wall-mounted liquid soap dispenser is engineered for both commercial and residential environments. Featuring a durable white plastic casing, it offers a robust solution for maintaining hand hygiene in high-traffic areas. The integrated viewing window ensures easy maintenance by allowing users to monitor soap levels at a glance.
