

Wall Mounted Split Air Conditioner

This wall-mounted split air conditioner is designed for efficient cooling and climate control. It features adjustable temperature settings, multiple fan speeds, and a quiet operation mode.

Product Overview

Professional Climate Control Solution

This wall-mounted split-type air conditioning unit is engineered for efficient cooling and precise climate management in professional interior spaces. It utilizes advanced compressor technology and eco-friendly refrigerants to provide superior energy efficiency while maintaining quiet operation. The system includes versatile features such as adjustable temperature controls, multiple fan speeds, and programmable timers for automated convenience.

Technical Specifications

Control Features

- Adjustable temperature settings
- Multiple fan speeds
- Quiet operation mode
- Programmable timers

Installation Method	Wall Mounted
