

Wall-Mounted Split Air Conditioner with Floral Design

This wall-mounted air conditioner features a decorative floral pattern. It is designed for efficient cooling and climate control in various indoor settings.

Product Overview

Elegant Climate Control

This wall-mounted split air conditioner combines efficient climate control with a unique aesthetic, featuring a sophisticated floral design. Designed for both residential and commercial environments, it offers a sleek white finish with gray floral accents that seamlessly blend into modern interiors. The integrated black display panel provides clear visibility of status and operation modes, ensuring ease of use.
