

Wall Mounted Split Air Conditioner with LED Display

This wall mounted split air conditioner provides efficient cooling and energy saving performance. It features a quiet design, removable filter, and a convenient 24-hour timer.

Overview

Efficiency Meets Comfort

This wall-mounted split air conditioner features a sleek, modern design with a slim profile and integrated LED display. Engineered for high-efficiency performance, it offers energy-saving operation alongside a whisper-quiet design suitable for both residential and professional environments. The unit includes versatile climate control options, such as a 24-hour timer and adjustable louver systems, ensuring customizable comfort throughout the day.
