

# Wall-Mounted Step-Heating Water Dispenser

This wall-mounted dispenser uses step-heating for on-demand hot, cold, and ambient water. It features a stainless steel finish and multiple taps.

## Overview

### Efficient Step-Heating Technology

This wall-mounted water dispenser utilizes advanced step-heating technology to provide a reliable source of hot water for commercial and professional environments. The space-saving, stainless steel design features intuitive indicator lights and efficient dispensing controls. It is available in multiple capacities to suit various operational requirements, ranging from compact 2.5L units to high-capacity 25L versions.

## Technical Specifications

### Technical Data Table

Model	Volume	Power	Dimensions	Taps
GL-BJ1.8-2.5	2.5L	1.8 KW	275*165*365	1
GL-BJ2-5	5L	2 KW	320*195*448	1
GL-BJ2-7.5	7.5L	2 KW	320*195*448	1
GL-BJ2-10	10L	2 KW	345*225*460	1
GL-BJ2.4-15	15L	2.4 KW	370*230*513	1
GL-BJ3-25	25L	3 KW	440*225*615	2

## Key Features

### Device Features

Wall-mounted, Stainless Steel, Indicator Lights, Step-Heating, Commercial Grade

## Electrical

### Operating Voltage

220V
