

Wall-Mounted Three-Lamp Bathroom Heater

This wall-mounted heater is designed for bathroom use, providing localized warmth. It features three radiant heat lamps with adjustable output and reflector-type lamps for efficient heat projection.

Product Overview

Efficient Bathroom Heating Solution

This wall-mounted bathroom heater is designed to provide rapid, localized warmth for comfortable bathing environments. Featuring three high-output radiant heat lamps, it delivers a total power of 825W, ensuring effective heating for spaces ranging from 10 to 20 square meters. Its compact and durable design makes it an ideal choice for residential or commercial bathroom installations.
