

# Wall-Mounted Water Purifier

This wall-mounted water purifier provides purified water on demand. Its compact design is suitable for various installation environments.

## Overview

### Professional Wall-Mounted Water Purifier

The Model CJ-2 EG(1) is a wall-mounted water purification system designed for efficient tap water filtration. Featuring a sophisticated multi-stage filtration process, it ensures clean water at a consistent flow rate for professional or domestic use. Its compact, space-saving design makes it an ideal solution for environments where countertop space is limited.

## Technical Specifications

### Outflow Rate

**2.5 L/min**

Outflow Rate

Filtration Stages	PP, GAC, CTO, UF, Post-AC
Filter Precision	0.01 $\mu$ m

## Operating Conditions

Water Temperature Range	5-38
Water Pressure	0.1-0.4 Mpa

## Dimensions and Logistics

### Shipping and Loading

Metric	Details
Master Carton Size	645 x 380 x 582 mm (4 PCS/CTN)
20' GP Capacity	552 PCS
40' HQ Capacity	1568 PCS
Unit Dimensions	340 x 125 x 450 mm
