

Wall/Window Mount Ventilating Fan

This ventilating fan is designed for efficient air circulation in various environments. It is suitable for wall or window mounting and provides effective ventilation to improve air quality.

Product Overview

Professional Air Circulation Solution

This wall and window-mounted ventilating fan is engineered for efficient air circulation and indoor air quality improvement. It features a robust, durable construction paired with a safety-focused protective grille. Designed for versatile installation in bathrooms, kitchens, and other confined spaces, this unit combines high-performance motor technology with low-noise operation.

Technical Specifications

Core Features

- High-performance motor
- Low-noise operation
- Protective safety grille
- Easy installation design

Installation Types

Wall Mount, Window Mount

Applications

Ideal Environments

Bathroom • Kitchen • Ventilation-required spaces
