Product Overview

Professional Grade Washing Machine Motor

This high-performance electric motor is engineered for reliable operation in various washing machine systems. With a proven history of professional manufacturing, it offers a durable and robust solution for demanding laundry cycles. The unit is designed for flexibility, with customizable options for performance, dimensions, and aesthetics to meet specific integration requirements.

Technical Specifications

Operating Performance

180 W

Max Output Power

1700 rpm

Max Rotation Speed

Electrical Ratings

Voltage (V)	Frequency (Hz)	Power (W)	Speed (rpm)
110	50	45-180	1200-1700
110	60	45-180	1200-1700
220	50	45-180	1200-1700
220	60	45-180	1200-1700
230	50	45-180	1200-1700
240	50	45-180	1200-1700
