Overview

Advanced Water-Based Air Purification

This innovative air revitalizer utilizes a siphon-principle water filtration system to effectively sterilize and purify indoor air. By creating a cyclonic water film waterfall, it traps dust, allergens, and microorganisms while simultaneously humidifying the environment. Ideal for various settings, it combines aromatherapy capabilities with low-noise operation to ensure maximum comfort and air quality.

Technical Specifications

Voltage	100 V
Power Consumption	13 W
Noise Level	45 dB
Water Capacity	340-750ml
Coverage Area	10-40 square meters
Product Dimensions	20 x 20 x 14.4 cm

Features & Functionality

Key Features

- Multi-filter system (water film, ionizer, disinfectant, essential oil)
- Aromatherapy support
- Cyclonic air movement
- Built-in ON/OFF switch
- Simple operation

Certifications

CE • CB • GS • ROHS • UL
