

Water Pump

This water pump is a robust and efficient solution for various water pumping applications. Its durable construction ensures long-lasting performance, while its optimized design delivers high flow rates and reliable operation.

Overview

1ZDB Series Water Pump

The 1ZDB series water pump is a robust and efficient solution engineered for a variety of water pumping applications. Its durable construction ensures long-lasting performance, while the optimized design delivers high flow rates and reliable operation. This versatile unit is suitable for residential, agricultural, and industrial use.

Technical Specifications

Model Number	1ZDB Series
Model Identifier	1

Applications

Suitable Applications	Residential, Agricultural, Industrial
-----------------------	---------------------------------------
