

Water Pump Pliers with Adjustable Jaws

These water pump pliers are designed for gripping and turning pipes and irregular shapes. They feature adjustable jaws for different sizes and ergonomic handles for comfort.

Product Overview

Professional Grade Water Pump Pliers

These D3 type water pump pliers are engineered for versatility and reliability in demanding work environments. Featuring adjustable jaws and a slip-joint mechanism, they provide a secure grip on pipes, fasteners, and irregularly shaped objects. Designed with ergonomics in mind, the handles ensure comfort during extended use, while the durable construction guarantees long-lasting performance for professional applications.
