Product Overview

High-Performance Water Transfer Solution

This portable water transfer pump is engineered for durability and reliable performance in demanding environments. Featuring a powerful 1 HP air-cooled engine and a protected steel frame, it is designed for rapid irrigation and water removal. With a lightweight aluminum pump body and cast iron internal components, it ensures long-term operational efficiency for professional applications.

Engine Performance

Engine Specifications

1 HP

Power Output

3600 rpm

Engine Speed

63 cc

Displacement

2.5 hours

Runtime per Tank

Technical Specifications

Core Performance

Parameter	Value
Maximum Flux	10 m ³ /h
Maximum Lift	12 m
Noise Level	65 dB
Cooling System	Air-cooled

Physical Dimensions

- Inlet/Outlet Port: 40mm (1.5 inch)
- Net Weight: 15 kg
- Gross Weight: 16 kg
- Packing Size: 480 x 328 x 350 mm
