Product Overview

Specializing in production of buttons and indicators since 1997

Industrial Illuminated Push Button

The XDL21 series push button switch is a high-performance control solution designed for demanding industrial environments. Featuring a robust zinc alloy and high-grade anti-flam plastic body, it provides exceptional durability and reliable signaling for control circuits up to 660V. With an IP65 protection rating, this illuminated switch ensures safety and clarity in diverse applications ranging from distribution cabinets to power stations.

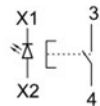

Technical Specifications

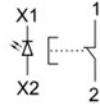

XDL21-CWA3462

Illuminated
Flush push button
Spring return 220~240V

N/C

○ White	XDL21-CWA3161
● Green	XDL21-CWA3361
● Yellow	XDL21-CWA3561
● Blue	XDL21-CWA3661
● Red	XDL21-CWA3462

Electrical Ratings

660 V

Rated Insulation Voltage

10 A

Conventional Heating Current

6 kV

Impulse Withstand Voltage

Performance Parameters

Metric	Value
Contact Resistance	d25 [©]
Insulation Resistance	e5M [©]
Brightness	60cd/m ²
Mechanical Life	3,000,000 cycles
Protection Grade	IP65

Certifications & Compliance

Standards & Certifications

CE, ISO 9001, RoHS, UL, IEC 60947-5-1, GB/T14048.1

Environment

Operating Conditions

- Operating Temperature: -5°C to +55°C
- Storage Temperature: -25°C to +70°C
