

Waterproof Portable Bluetooth Speaker

This rugged portable Bluetooth speaker is designed for outdoor use and is waterproof. It streams audio wirelessly from smartphones and tablets and has a rechargeable battery.

Overview

Rugged Audio Performance

This portable Bluetooth speaker is engineered for versatility and durability in outdoor environments. Featuring an IP65 waterproof rating, it is built to withstand exposure to the elements while delivering high-quality audio through a dual bass radiator system. With support for TWS party mode and an integrated karaoke system, it is an ideal solution for on-the-go entertainment and social gatherings.
