

Waterproof Sports Earphones

These waterproof earphones are designed for swimming and water sports. Their secure-fit earbud with a triple-flange design ensures noise isolation and comfort, while the over-ear loop provides stability during physical activities.

Product Overview

Designed for Performance

These ergonomically designed earphones feature a secure-fit earbud with a triple-flange design, providing enhanced noise isolation and long-lasting comfort. Built specifically for physical activity and aquatic environments, they include a flexible, over-ear loop to ensure a stable fit during movement. The durable, tangle-free cable construction and waterproof seal make them an ideal choice for swimming and intense water sports.

Design & Build

Fit Style	Over-ear loop with triple-flange earbud
Cable Construction	Thin, durable, tangle-free

Key Features

Water Resistance

Waterproof • Swim-ready
