

Welding and Cutting Torch Kit

This heavy-duty welding and cutting outfit is designed for a wide range of applications. It includes a torch handle, cutting attachment, welding nozzles, cutting tips, regulators, hose, and other accessories, all contained in a durable carrying case.

Overview

Heavy Duty Welding & Cutting System

This professional-grade welding and cutting outfit is engineered for precision and durability in demanding industrial environments. Compliant with EN ISO 2503 and EN ISO 5172 standards, the system supports both Oxygen-Acetylene and Oxygen-LPG gas configurations. The kit comes complete with a comprehensive set of accessories, all organized in a durable plastic toolbox for secure storage and transport.

Performance Metrics

Cutting Capacity

150 mm

Max Cutting Thickness

Welding Capacity

25 mm

Max Welding Thickness

Technical Standards

Supported Gases

Oxygen-Acetylene • Oxygen-LPG

Compliance Standards

EN ISO 2503, EN ISO 5172

Kit Contents

Included Components

- Torch Handle (TYPE-2-H)
- Cutting Attachment (TYPE-2-CA)
- Mixer (TYPE-2-Mixer)
- Oxygen Regulator (OR-46)
- Acetylene/LPG Regulator
- Twin Rubber Hose (1/4" x 4.5M)
- Goggles (KG-11)
- Tip Cleaner (TC-04)
- Spark Lighter (L3)
- Wrench

Welding Tips

S/W 3#, 5#, 7#

Nozzle Specifications

Included Nozzles

Gas Type	Model
Acetylene	ANME 3/64, ANME 1/32, ANM 3/64
LPG	PNME 3/64, PNME 1/32
