

Welding Torch Consumables Kit

This kit provides a comprehensive selection of welding consumables including nozzles, contact tips, and diffusers. It also contains caps, swan necks, and liners for complete welding torch assembly and maintenance.

Overview

Comprehensive Welding Consumables Kit

This welding torch consumables kit offers a complete selection of essential components for welding torch assembly and maintenance. Designed for versatility, the kit includes a wide range of nozzles, contact tips, diffusers, and liners to accommodate various wire diameters and welding applications. It ensures professional-grade performance by providing the necessary parts to maintain optimal torch operation and welding quality.

Compatibility

Supported Wire Diameters

0.023", 0.030", 0.035", 0.045", 0.052", 1/16", 5/64", 3/32", 7/64", 1/8"

Components

Nozzle Material & Design

Copper • Tapered Brass • Brass

Included Components

- Nozzles
- Contact Tips
- Diffusers
- Liners
- Swan Necks
- Caps

Technical Data

Contact Tip Specifications

Part No.	Size (inch)	Size (mm)
1588	0.030"	0.8mm
1589	0.035"	0.9mm
1590	0.045"	1.2mm
1598	0.052"	1.4mm
1591	1/16"	1.6mm
1592	5/64"	2.0mm
1593	3/32"	2.4mm
1594	7/64"	2.8mm
1595	1/8"	3.2mm
