Product Overview

Professional Wet Tile Cutting Solution

This compact wet tile saw is engineered for precision cutting of ceramic, porcelain, and stone tiles. Featuring a high-performance induction motor and a diamond blade cooling system, it ensures chip-free, accurate results for both DIY and professional projects. The combination of an adjustable aluminum fence and tiltable table makes it an essential tool for varied installation requirements.

Technical Specifications

Available Power Ratings	450W, 600W, 800W
Motor Type	Induction Motor
Blade Specifications	180 x 22.2 x 2.2 mm

Cutting Capabilities

Cutting Depth Performance

34 mm

Depth at 90°

17 mm

Depth at 45°

Cutting Angle Range	0°-45°
---------------------	--------

Design and Build

Available Table Sizes

- 330 x 360 mm
- 386 x 397 mm

Construction Materials

Component	Material
Main Frame	Plastic
Fence	Aluminum
