

Wet Tile Saw with Sliding Table

This wet tile saw is designed for cutting ceramic, porcelain, and stone tiles. It features a water cooling system to minimize dust and debris and a sliding table for smooth, accurate tile feeding.

Product Overview

Professional Wet Tile Saw

This wet tile saw is engineered for precision cutting of ceramic, porcelain, and stone tiles. It features an integrated water cooling system to effectively minimize dust and debris, ensuring a cleaner work environment. The sliding table design allows for smooth and accurate tile feeding, while the adjustable cutting guide supports precise angle cuts for complex installation requirements.

Performance & Features

Cooling System	Yes
Table Mechanism	Sliding Table
Cutting Precision	Adjustable cutting guide for angle cuts

Certifications

Compliance & Standards

GS • CE • MTX

Construction

Frame Stability	Sturdy frame design for enhanced stability
