Overview

High-Performance Sportbike

This aerodynamic sportbike features a liquid-cooled 249.3cc engine paired with a 6-speed international gearshift system, delivering a maximum speed of at least 140 km/h. Designed for both street and track performance, it incorporates a balanced chassis with a 1380mm wheelbase and a wet multi-plate clutch. The bike offers professional-grade handling through its upside-down front hydraulic damping suspension and reliable disc braking system.
