

White Ceiling Fan with Integrated Light

This ceiling fan features five blades and an integrated light fixture. When the fan rotates clockwise, it creates a cooling effect, lowering the perceived temperature in the room.

Product Overview

Energy-Efficient Cooling and Lighting

This white ceiling fan combines effective air circulation with integrated lighting to enhance indoor comfort. By producing a wind chill effect, the fan helps lower perceived temperatures by approximately 8°C, allowing for reduced air conditioning usage. This design promotes significant energy savings, potentially reducing air conditioning electricity costs by up to 40%.

Performance & Energy

Energy Savings Analysis

Metric	1P AC	2P AC	3P AC
Rated Power (W)	1200	2200	3100
Electricity Charge/Day (\$)	7.68	14.08	19.84
Ceiling Fan Charge/Day (\$)	0.45	0.45	0.45
Saving/Day (\$)	2.622	5.182	7.486
