

White Digital Multi Player with 2-Channel Mixer DJ System

This complete DJ system includes two digital multi players and one 2-channel mixer, all in a sleek white finish. It is designed for both aspiring and experienced DJs, offering versatile functionality and a professional-grade DJing experience.

Overview

Professional DJ System Overview

This white digital multi-player and 2-channel mixer system offers a comprehensive setup for aspiring and experienced DJs alike. Designed for versatility, it supports playback from CDs, USB drives, and computer connections, ensuring compatibility with a wide range of audio formats including MP3, AAC, WAV, and AIFF. The integrated mixer provides clear audio output, built-in sound effects, and direct-to-USB recording capabilities, making it an ideal solution for home use, mobile setups, and small venues.
