

# Window/Wall Mount Exhaust Fan

This exhaust fan is suitable for ventilating bathrooms, kitchens, or other enclosed spaces. It removes odors and moisture effectively.

## ADDITIONAL IMAGES

## Product Overview

### Professional Ventilation Solution

This versatile exhaust fan is engineered for efficient air circulation in kitchens, bathrooms, and various enclosed spaces. Designed for both window and wall mounting, it effectively removes odors and moisture to maintain a comfortable, healthy indoor environment. The unit features a durable construction with a backdraft damper to prevent reverse airflow, ensuring reliable performance and easy maintenance.

## Key Features

### Primary Benefits

Odor Removal • Moisture Control • Backdraft Prevention • Quiet Operation

### Mounting Options

Window Mount, Wall Mount

## Technical Specifications

### Available Designs

- Round Window Fan
- Square Window/Wall Fan

### Component Details

Component	Description
Impeller	Five-blade design
Damper	Backdraft louvered blades
Housing	Durable plastic construction
