

Windshield Snow and Frost Protector

This windshield cover protects against snow and frost accumulation. It features a reflective surface and includes a storage bag and plastic hooks for securement.

Product Overview

All-Season Windshield Protection

This windshield snow and frost protector is an essential accessory designed to safeguard your vehicle's front window against harsh weather conditions. Crafted from durable polyester with a silver coating, it effectively prevents snow and frost buildup during winter while helping to regulate interior temperatures throughout the year. The cover features a convenient design with a built-in storage bag and secure locking hooks, ensuring both ease of use and reliable protection.
