

Windshield Washer Fluid Reservoir with Integrated Pump

This windshield washer fluid reservoir is designed to hold the washer fluid necessary for cleaning your vehicle's windshield. It includes an integrated pump for dispensing the fluid through the washer nozzles.

Product Overview

Integrated Washer Fluid System

This windshield washer fluid reservoir is engineered to provide a reliable supply of cleaning fluid for vehicle maintenance. Featuring an integrated, electrically powered pump, it ensures consistent fluid delivery through washer nozzles for clear visibility. Constructed from high-durability plastic, this component is designed for precise fitment and seamless integration with vehicle electrical systems.

Technical Details

Pump Mechanism	Integrated Electric Pump
Material	Durable Automotive-Grade Plastic
Key Features	Integrated Pump, Durable Plastic, Electrical Connection, OEM Fitment Design

Compatibility

Compatibility Warning	Designed for specific vehicle models. Please verify make and model fitment before purchase.
