

# Wine Aerator and Pourer

This wine aerator enhances the flavor and aroma of wine as it is poured. It ensures a smooth, drip-free pour directly into the glass.

## ADDITIONAL IMAGES

## Product Overview

### Instant Flavor Enhancement

The Wine Aerator and Pourer is designed to elevate your wine-tasting experience by instantly oxygenating wine as it is poured. Engineered for performance, the internal structure creates turbulence to maximize air contact, which helps to soften tannins and reveal deeper aromatics. Its drip-free spout design ensures a smooth, controlled flow, keeping your table clean and preventing waste while you enjoy every glass.

## Technical Specifications

Model Number	WP-011
Material Composition	PMMA (Acrylic), Food Grade Silicone
Compatibility	Fits most standard wine bottles

## Features

### Core Benefits

- Instant aeration for improved bouquet and taste
- Drip-free pouring spout for precision
- Durable food-grade construction
- Easy to clean and maintain
- Clear acrylic body for visual monitoring
