Product Overview

Natural Bamboo Peripheral Set

This wired keyboard and mouse combo is crafted from 80% fresh bamboo, offering a sustainable and eco-friendly alternative to traditional plastic peripherals. The natural bamboo grain provides a unique tactile experience, being sweat-absorbent and comfortable to use, while also acting as an anti-static and anti-radiation material. With a durable 104-key layout and reliable wired connectivity, this set combines natural elegance with functional performance for any workspace.
