

Wired Cardioid Microphone

This wired microphone is designed for both vocal and instrumental applications. It offers a wide frequency response and cardioid polar pattern for excellent sound quality and feedback rejection.

Product Overview

Professional Wired Microphone

The PT-768 is a high-quality dynamic microphone engineered for versatility in professional and personal audio applications. Featuring a durable metal plating finish, this microphone provides reliable performance for live shows, KTV, public speaking, and outdoor activities. Its advanced hyper-cardioid polar pattern ensures excellent sound capture while minimizing background noise and feedback.

Technical Specifications

Microphone Type	Dynamic
Polar Pattern	Hyper Cardioid
Frequency Response	100Hz - 10KHz
Impedance	370 Ohm
Sensitivity	-50dB ± 3dB

Physical Properties

Net Weight	47 g
Build Material	Metal Plating

Application

Recommended Use	Live Shows, KTV, Public Speaking, Outdoor Activities
