

Wired Over-Ear Headphones with Cushioned Earcups

These wired headphones feature soft cushions for noise isolation and an enhanced audio experience. The headphones have an adjustable, padded headband for comfortable, extended use.

Product Overview

Professional Wired Audio Solution

These wired over-ear headphones are designed for comfort and reliable audio performance in professional environments. Featuring an adjustable, padded headband and soft, noise-isolating ear cushions, they ensure extended wearability for long work sessions. Built with a robust combination of metal, plastic, and faux leather, this headset offers a durable solution for clear communication and high-quality audio playback.
