

# Wireless Handheld Microphone System with 100 Channels

This wireless microphone system features IR synchronization. It includes one handheld microphone and operates on 100 channels.

## Product Overview

### Professional Wireless Audio

This UHF wireless microphone system provides reliable and high-quality audio transmission for professional applications. With 100 selectable channels and diversity receiver technology, it effectively minimizes interference and signal dropouts. It is an ideal solution for presentations, live performances, and large-scale public speaking events.

## Technical Specifications

Frequency Range	730-830MHz
Frequency Response	40Hz-20KHz
Operating Range	100 M

## System Features

Channel Count	100
Sync Method	IR Synchronization
Display	LCD Screen

## Power and Build

Battery Requirements	2 x AA 1.5V
Housing Material	Plastic

## Performance Metrics

### System Performance

**100 Count**
