

Wireless Optical Computer Mouse

This is a wireless optical mouse that features a red finish and ergonomic design. It connects via a small USB receiver, providing a cable-free experience with standard buttons and a scroll wheel.

Product Overview

Ergonomic Wireless Navigation

This wireless optical mouse is designed for comfort and efficiency, featuring an ergonomic shape suitable for extended use. It utilizes a reliable optical sensor for precise tracking across a variety of surfaces, ensuring smooth navigation. The device connects seamlessly via a compact USB receiver, offering a clutter-free workspace without the need for cables.
