

Wireless Optical Mouse

This ergonomic wireless optical mouse features a contoured design for comfortable use and a high-precision optical sensor for accurate tracking. It connects wirelessly to your computer via a USB receiver and offers long battery life for extended use.

Product Overview

Ergonomic Performance

This wireless optical mouse is designed with a contoured shape to ensure comfort during extended periods of use. Equipped with a high-precision optical sensor, it provides accurate tracking across various surfaces, making it a reliable tool for both home and office environments. The integrated scroll wheel facilitates easy navigation, while the wireless USB receiver ensures a clutter-free workspace.
