

Wireless Optical Mouse with USB Receiver

This wireless optical mouse features a contoured, ergonomic design. It includes a USB receiver for easy, plug-and-play connectivity.

Product Overview

Ergonomic Wireless Connectivity

This wireless optical mouse is designed with a contoured shape to ensure comfortable, extended use for both desktop and laptop setups. Featuring reliable optical tracking technology and a convenient scroll wheel, it offers precise control for daily computing tasks. The included USB receiver enables seamless plug-and-play connectivity, allowing for a quick and easy setup without the need for complex driver installations.
