

Wireless Optical Mouse with USB Receiver

This wireless optical mouse offers precise tracking and comfortable use. It features a compact design, ergonomic shape, and a reliable wireless connection via a USB receiver.

Product Overview

Wireless Optical Mouse with USB Receiver

This wireless optical mouse is designed for professional environments, offering precise tracking and a comfortable, ergonomic shape for extended use. It features a reliable wireless connection via a compact USB receiver, ensuring seamless operation without the clutter of cables. Equipped with an accurate optical sensor, it provides smooth cursor control across a variety of surfaces, making it an ideal peripheral for daily computing tasks.
