Overview

Autonomous Outdoor Security

This wireless IP camera offers a robust, maintenance-free security solution for outdoor environments. Featuring an integrated solar panel and battery-powered operation, it eliminates the need for complex wiring while ensuring continuous monitoring. With advanced features like PIR motion detection, night vision, and two-way audio, it provides comprehensive surveillance accessible directly from your mobile device.

Performance & Imaging

Chipset	Hi3518EV200
Image Sensor	1/3" F23 low illumination CMOS
Night Vision Range	15 m
IR LEDs	4

Power & Environment

IP Rating	IP66
Power Source	Solar Panel, Battery Powered, DC 5V 1A
Battery Requirement	4pcs 18650 batteries
Operating Temperature	-30°C to +75°C

Connectivity & Features

Key Features

- PIR Motion Detection
- Two-way Audio
- AP Hotspot Support
- Multi-user Viewing
- Mobile App Control

Max SD Card Capacity

64 GB

Physical Dimensions

Unit Dimensions

Dimension	Value	Unit
Width	136	mm
Length	230	mm
Height	105	mm
