

Wireless Over-Ear Hook Headphones

These wireless headphones feature an over-ear hook design for a secure fit. They are ideal for sports and active use, ensuring stability and comfort.

Product Overview

Designed for Active Lifestyles

These wireless over-ear hook headphones are engineered for stability and comfort during rigorous activities. Featuring a secure ear-hanging design, they stay firmly in place whether you are working out or on the move. The sleek circular housing with a geometric pattern combines modern aesthetics with functional reliability.
