

Wireless Security Camera with Night Vision

This compact, high-definition wireless security camera is designed for indoor or outdoor use. It records video in 1080p resolution and stores footage on a microSD card or in the cloud.

Product Overview

High-Definition Wireless Security

This compact wireless security camera delivers clear 1080p resolution footage, making it an ideal choice for both indoor and outdoor monitoring. Equipped with advanced PIR motion detection and two-way audio, it provides comprehensive security coverage and remote communication capabilities. The device is powered by rechargeable batteries and features efficient H.265 compression to maximize storage and bandwidth efficiency.
