

# Wooden Blade Ceiling Fan with Light

This ceiling fan features five intricately designed wooden blades and an integrated light fixture. When the switch is turned to clockwise, it produces a wind chill to make the room feel cooler.

## Product Overview

### Stylish Air Circulation

This modern ceiling fan features five intricately designed wooden blades paired with an integrated light fixture. Its dark finish and warm blade tones create a stylish aesthetic suitable for living rooms, bedrooms, or dining areas. Beyond its visual appeal, the fan provides efficient air circulation and illumination, combining form and function seamlessly.

Number of Blades

5

Key Features

Integrated Light, Wooden Blades, Energy Saving, Modern Design

## Energy Efficiency

### Summer Cooling Efficiency

Using this ceiling fan in summer creates a wind chill effect, allowing you to raise your air conditioner temperature setting. This practice can lead to energy savings of 40% or more, significantly reducing daily electricity costs compared to relying solely on air conditioning.

### Cost Savings Analysis

Metric	1P AC	2P AC	3P AC
Rated Power (W)	1200	2200	3100
Electricity Charge/Day (\$)	7.68	14.08	19.84
Savings/Day (\$)	2.622	5.182	7.486
