

# Wrangler JL 2018 Front Bumper with Winch Plate and LED Light Bar

This front bumper is designed for Jeep Wrangler JL models from 2018 onwards. It features a winch plate, integrated LED light bar, and reinforced D-ring mounts.

## Product Overview

### Rugged Front Bumper for Wrangler JL

This heavy-duty front bumper is engineered specifically for the 2018 Wrangler JL, offering enhanced protection and off-road utility. Constructed from durable black steel, it features an integrated winch cradle and dedicated mounting points for LED light bars and cube lights. With its modular design and customizable decoration plates, this bumper combines functional recovery capabilities with a sleek, aggressive aesthetic.
