

Yellow Single-Speed Urban Bicycle

This bicycle is a yellow single-speed model designed for urban environments. It features a lightweight alloy frame and caliper brakes.

Product Overview

Urban Commuter Design

This single-speed urban bicycle combines a minimalist aesthetic with efficient performance for city environments. Featuring a lightweight alloy frame and classic geometry, it offers a direct and responsive ride. Equipped with reliable caliper brakes and a fixed rear cog, it is an ideal choice for both daily commuting and recreational riding.
