

# Youth Recreational Bicycle

This bicycle is designed for youth recreational use. It features a durable frame, knobby tires, a comfortable saddle, and a simple single-speed drivetrain.

## Overview

### Built for Adventure

This youth recreational bicycle is engineered for durability and ease of handling, making it an excellent choice for young riders. Featuring a sturdy frame and versatile knobby tires, it performs reliably on both off-road trails and paved surfaces. The single-speed drivetrain ensures low maintenance and simplicity, while the frame geometry promotes a comfortable, upright riding position.
